HIST 96.21 Colloquium: Great Explanations: Global Methods

Instructor: Pamela Crossley

Historians and other social scientists are supposed to explain the big things. But great explanations—the causes of everything, or most things, or everything that matters—are risky and sometimes hilarious. This colloquium explores both the results of risk-taking in interpreting the past and the tools used by social scientists to come up with yet one more great explanation.

Offered
16S: 3A 17F: 3A
